

## DEVIATION REQUEST FORM

We are pleased that you have chosen to join us on our Durgan tour. In order to assist you in making your trip everything that you expect it to be, please read the following restrictions on changing your return date.

1. The deviation can only be taken at the end of the tour. Changes cannot be made to your outbound (to Europe) flight.
2. The deviation is on a request basis. Your request is confirmed at the discretion of the participating airline and tour company.
3. The maximum stay beyond the length of the tour is 14 days for most airlines. Air France and some others are 10 days.
4. There is a fee of \$150.00 per person for the change in the original return date. This fee must be paid at time of the deviation submission before a change to an airline reservation is allowed. (This fee is non-refundable and if space is not available, this fee will be applied toward your final payment.) Please note that the deviation fee covers change of return date *only* and any further arrangements are additional.
5. Passengers who are deviating from the tour are responsible for their own expenses once they have left the group (e.g. airport transfers, baggage handling, etc.).
6. Arrangements for deviations should be made at the time of deposit, but can be made no later than final payment for the group (no later than 90 days prior to departure). *Deviations are not accepted within 90 days.*
7. Due to a dearth of space available on international flights, the return date of your choice may not be available. Please indicate below if there is flexibility with your return date. We recommend submitting your deviation at time of booking, for the best availability.
8. We are pleased to make land arrangements relating to your deviation (car rental, train reservations, hotels, private or public touring, special events at additional cost, prepaid in full). A \$100 nonrefundable (but fully applied to final payment) deposit is required at the time you submit the request for these land arrangements.
