

Scotland

INFORMATION SHEET

Bagpipes, kilts, heather, golf courses, scotch, and rolling hills come to mind when one thinks of Scotland. Smiling faces greet you at every turn. Scotland is a country to fall in love with! The following is a general information sheet. It is as accurate as we can make it. However, things sometimes change unexpectedly. Please use this only as a guide.

Expectations: While group tours are one of the most enjoyable ways to travel, they do require a certain degree of flexibility and understanding on every individual's part. We have carefully planned your itinerary and have done our best to provide you with information about what to expect. However, much of what makes travel interesting is the unexpected. Travel with an open mind and you will get the most and best out of your holiday. Please be assured that our mission is to create and provide you with the most enjoyable and memorable travel experience.

Currency: The unit of currency is the British pound, available in various denominations. Many shops and restaurants in the cities and tourist resorts accept major credit cards (MasterCard, Visa and American Express) and offer the best exchange rates, but credit cards are less easy to use in the countryside. **Check with your credit card company for details of merchant acceptability and other services, which may be available;** you should also advise your bank and credit card companies that you will be abroad, to avoid problems. Using a credit card also excludes some purchases from the VAT.

Cash is often preferred but should not be carried in large quantities. Money can be changed at banks in all of the **main tourist areas or exchange offices as well as most hotels and railroad stations**. Banking hours are usually 9:30 am – 3:30 pm. on weekdays. Some city banks are open on Saturday morning and closed Sundays, and holidays. ATMs are widely available in major cities and will give you your cash in local currency. For many, this is the most convenient way to get money abroad.

There are currency exchange kiosks in most major airports, if you are not able to get it converted prior to departure.

Tourists reaching their destination without local currency can obtain it through any bank or exchange office at airports.

PLEASE REFER TO THE ENCLOSED CURRENCY CONVERSION CHEATSHEET FOR ACCURATE RATES.

Weather & Clothing: The weather in Scotland is generally temperate but changeable, and you may experience unusual weather conditions. For that reason, we always suggest that you pack clothes that can be layered. It is also wise to check the paper, the Weather Channel, or weather.com before you pack to verify the most current weather situation.

While on your trip, you will see temperatures forecast in Celsius. To convert Celsius to Fahrenheit, multiply the Celsius number by 9, then divide your answer by 5, and add 32.

It is advisable to bring a mid-weight coat or jacket. Most natives will dress smartly when dining out. You may wish to pack one outfit that is a little dressier for a special evening: for gentlemen, a sport coat and tie and a dress or fancy pantsuit for the ladies. Be sure to bring comfortable soft-soled shoes or sneakers for the days you are sightseeing. A small packable umbrella and sweaters are always handy to have with you.

It is important to remember that you may stop at churches. Shorts and short skirts are not acceptable. Please remember to wear long pants or knee-length or longer skirts on those days.

Packing Smart: Be sure to pack any prescriptions that you will need for your vacation in your carry-on-bag (it is suggested to bring them in their original bottles, for prescription information should you need it). You may wish to bring any special soaps or accessories from home. Foreign hotels do not always have facecloths in the room. It's a good idea to pack your own.

You may wish to pack a small multi-language guide with basic phrases.

Wake-up calls will be available from the front desk, but you also might want to bring your own battery-operated alarm clock.

Don't forget your camera and extra film (film tends to be more expensive overseas). The availability and quality of hairdryers and irons at hotels vary greatly. We strongly recommend that you bring your own with you, if you have a need for them.

Due to heightened security at the airports, remember to pack questionable items in your checked luggage, not your carry-on.

Such items include knives, scissors, any cutting implements, as well as some sports items (golf clubs, ski poles, bats, etc.). If in doubt, put it in your checked bag. It will save you time going through the security checkpoint.

Enjoying the trip: Your trip will probably include an intermediate destination, where you will change planes, but your luggage will be checked all the way to your final destination. Since the airplane is dry, and you will have a long international flight, it helps to drink a lot of non-alcoholic liquids while flying. Alcohol contributes to jetlag, as does eating heavy meals on board. Feet swell at high altitudes, so it is a good idea to remove your shoes while in flight. You will probably want to bring a small book or magazine in your carry-on luggage. A valid U.S. passport is required. It must be **valid for at least 6 months past the time your tour ends**. If you are not a U.S. citizen, you may need further identification. Contact National Passport Information at 1 888-362-8668 (toll call) or the UK Consulate for further information. No Visa is necessary for this tour for U.S. citizens. No vaccinations are necessary for U.S. citizens. Remember that you are responsible for having all valid documentation needed for this tour. Electrical Current: The standard current is 240 volts A.C. A transformer may also be necessary and can be purchased in many stores. Sockets generally have two or three round pins. Adapters are needed for U.S. plugs (for hairdryers and travel irons). Please use only hairdryers with 1250-watt setting. The hairdryer may not work when it is set on 1500 and may damage dryer even though you are using an adapter.

Food, Drink & Entertainment: Since water away from home can often be upsetting to the digestive tract, we recommend that you drink bottled water, which is not usually complimentary. This will usually be offered in restaurants. If in doubt, ask the locals. Water supplies marked “non-potable” should not be used for drinking or brushing your teeth. If you have special dietary requests, either let your tour escort or the dining room staff know and they will try to accommodate your needs. If you have a very limited diet, we suggest that you bring what you might need.

Since the coffee may be stronger than American coffee, you may wish to bring tea bags or instant coffee. Dining is generally later than is customary in the United States.

Safety and Health Services: We recommend that you leave a copy of your itinerary with friends or family, in case of emergencies. In order to have a trouble-free holiday as a traveler, you should avoid flaunting jewelry, and wear your handbag securely strapped across your chest. Many stores sell security wallets that are worn inside your clothing. They are large enough to hold your passport, money, etc., and offer a secure option if you prefer to carry them with you.

You should keep a record of your credit card or traveler’s check numbers separate from your purse or wallet. It is also a good idea to carry a photocopy of the picture page of your passport and leave your passport (remember that you may need to have your passport with you to cash traveler’s checks), and any valuables locked in the hotel safe, unless you have a security wallet. Losing your passport can be very expensive and inconvenient. Avoid going off on your own, unless you are familiar with the area. Be alert for suspicious people or circumstances.

There is no reciprocal health agreement with the U.S. and treatment is very expensive. If you have health issues, be sure to check with your healthcare provider before leaving home to verify what procedures they want you to follow, should the need arise. Should an injury or accident occur, you will be responsible for any costs involved, medical and/or travel related. For this reason, we **strongly urge** you to take out some form of traveler’s insurance before your departure.

Accommodations: Hotel rooms abroad are most always smaller than those in the United States, and it is not unusual for one room to differ from the next. Hotel rooms in major cities tend to be smaller than hotel rooms throughout the rest of the country – but what you don’t get in spacious accommodations is more than compensated by the wealth of attractions surrounding you. It is the custom for a twin room to be two single beds made up separately and placed side by side. A double room will usually have one double bed. A single room will have one twin-size bed. A triple is generally a twin room with a cot or small bed added. Also, please be aware that single rooms are almost always smaller than twin rooms. **Unfortunately, we can only request room types and locations. Room assignments are made at the discretion of the hotel.**

Telephones: To call Scotland from the U.S. dial 011 and the country code (44) followed by the city code and then the phone number. It is very expensive to call the United States from your hotel room. We suggest that you use a phone card from a public phone booth. Coins are often not accepted in public phones, but phone cards can be purchased at many newspaper stands and pharmacies. If you are using your own telephone credit card, you can secure the access codes to call the United States from your long distance telephone service provider. To call the U.S. from abroad, once you get a local line, dial your access code, followed by the area code and number. No need to dial 1.

Transportation & Shopping: Taxis are available from the hotel. Ask the front desk for help in summoning a taxi. Most shops open from 9:00 am – 5:30 pm Monday through Saturday. Shops are generally closed on Sunday. The best buys in Scotland are woolens, woven goods, china and porcelain. For larger purchases, many countries impose a Value Added Tax (VAT). If the purchase is over a certain amount, you can get it partially refunded. Ask for a form where you purchase the item or at the airport. You must submit the form at the airport before you depart. Your refund will be mailed to you.

Time: Scotland is 5 hours ahead of us and practices Daylight Savings Time from the end of March to late September.

Gratuities: Tipping is a way of life in Europe and generally expected; we hope the following information will be of assistance. Gratuities to your tour director, driver, local guides, dining room staff, and chambermaids are not included in the tour price. We do recommend on an optional basis, that you consider leaving \$1.00 per person per day for the dining room waiter (left at your last dinner), \$1.00 per person per day for your maid (left on the night before your last night at the hotel). Gratuities for your sightseeing guides and bus drivers (not included) are voluntary, but very much appreciated. We suggest the following guideline: for a sightseeing guide \$1.00 per person per day (customarily given at the end of the day’s touring) and for bus driver, \$2 - \$3 per person per day each day toured (customarily given at the end of the week). You also may want to consider a gratuity for the tour escort of \$3 - \$5 per person per day, given at the end of the trip. Of course, exemplary service should always be recognized. If dining on your own, check the bill. If gratuities are not included, a tip of 10% is reasonable.

Custom Regulations: Luggage may be examined upon entering and leaving countries. U.S. citizens can bring home up to \$800 worth of foreign goods. Each member of the family is entitled to the same exemption and the exemption can be pooled. Included for travelers 21 and older are one liter of alcohol, 100 cigars (non-Cuban) and 200 cigarettes. You cannot bring back fresh fruit, meat, cheeses or plants.
